

## **Dear Parents**

### **Greetings from National Public School, Yeshwanthpur!**

**“The two things in life you are in total control over are, your attitude and your effort” - Billy Cox**  
**This is what we strive for and believe in here at National Public School, Yeshwanthpur.**

As we draw closer to the beginning of the new Academic Year we realise that you as Parents have a lot of concerns about your child’s education in the present scenario.

Through this communicate we wish to clarify some of the **common queries and anxieties** raised by the parents. Rest assured that the faculty and the Management of National Public School Yeshwanthpur are working towards making sure that your child’s education is not compromised. Changes and adaptability are inevitable to make progress and no matter what comes we are sure to be a part of it with the support of our parent community.

#### **1. Reopening Dates**

<b>Class</b>	<b>Reopening Date</b>
10 & 12	Monday ,18 May 2020
9	Wednesday, 27 May 2020

1-8	Will be informed in due course of time
Montessori & KG	Will be informed in due course of time

Our teachers are working on engaging, fun, interesting and interactive classes for our young minds.

#### **2. Online Classes**

All the classes will be held online until the present social distancing guidelines are eased. Our teachers are well- trained in conducting online classes. We will be using various platforms and more details in this regard will be shared shortly.

National Public School, Yeshwanthpur is exploring other avenues such as E-books, audios and videos, powerpoint presentations to disseminate the contents to the students and hence take away the lacuna of text and note books.

The online classes will keep in mind the age and ability of young learners to make the teaching-learning process as seamless as possible and a joyful experience for the student, teacher and parents.

We at National Public School, Yeshwanthpur believe in the cohesive partnership between parents and teachers joining hands to bring out the best in the children, so we request parental/adult support for the pre-primary classes as the children are too young to manage working alone. With our primary school students we are confident to set an independent routine, going with a little direction and hand holding from the parents. However, more details will be shared in due course.

The timing and the schedule of online classes will be shared shortly. As far as possible we would like to follow the regular school timings.

For the online classes a desktop, laptop, mobile, tablet or a smart TV is a must. In this regard we solicit help from our parents. We will also make sure that the classes will be recorded and the lesson summaries will be saved online for ready reference in future.

To ensure the holistic development of the students co- curricular classes,i.e.; Music, Dance, Art & Crafts, Yoga, PE and Library, will also be incorporated in the online time-table.

We are in the process of evolving a system for online tests, monthly reviews and project submissions. We hope to resume regular classes in due course of time and re-commence reviews and tests like before.

Based on the directives of the government, the school will re-open when it is safe to do so. At no point in time will we jeopardise the safety of the students and faculty.

With the hope that you and your loved ones are safe in these times, we thank you for being our ever supportive parent body.

The Management & Faculty  
National Public School, Yeshwanthpur
